## 17th Annual Community Bank Directors' Conference

As the community banking industry continues to evolve, the community bank director's role will also continue to develop. Questions regarding the future, growth, and direction of your bank will need to be considered by those leading the way. In order to make those decisions, directors must be up-to-date on the many issues that surround the community banking industry. We encourage you to give your directors the tools and education necessary to guide your bank through the industry's most pressing issues.

Join us on **March 30 & 31, 2020** for the 17th Annual Community Bank Directors' Conference hosted by The Bank CEO Network at the Omni Mandalay Hotel at Las Colinas (less than 10 miles from DFW Airport). Oriented towards educating outside directors and CEOs of community banks, conference topics comprise important issues relevant to the current operations of your bank and the director's role thereto. Don't leave your directors in the dark; educate them so they can make well informed decisions to facilitate your bank's success.
